Put in the focal point of Asia, historical backdrop clinched alongside India is a junction for societies from China will Europe, and the mossy cup oak critical Asian association for those societies about Africa. India is a land of religions, languages and customs. Many religions are flourishing here since longback, which have their own traditions and beliefs. Consequently India is a multi-religious and multi-cultural community from its identified history. It was never mono-religious or mono-cultural. The number of invasions and incursions from Aryans to Mughals added to religious, cultural and linguistic pluralism. British colonialism also contributed to its cultural and religious multiplicity. Therefore with every invasion and incursion Indian society became more and more complex and rich. Possibly no other society of the world is as multi-cultural and multi-religious as Indian society. Indian society is like a mighty river fed with numerous tributaries and the main stream flows on and on. Therefore, Indian society is very rich, and well known for wisdom and great thoughts.

I. INTRODUCTION

The Indian History starts with the birth of the Indus Valley Civilization in such sites as Mohenjo-Daro, Harappa, and Lethal, and the coming of the Aryans. These two phases are usually described as the pre-Vedic and Vedic periods. It is in the Vedic period that Hinduism first arose: this is the time to which the Vedas are dated.

In the fifth century, big parts of India were united under Ashoka. He also converted to Buddhism, and it is in his reign that Buddhism spread to other parts of Asia. It is in the reign of the Mauryas that Hinduism took the shape that fundamentally informs the religion down to the present day. Successor states were more fragmented.

In India, Islam religion first came in the eighth century, and by the 11th century had firmly established itself in India as a political force; the North Indian dynasties of the Lodhis, Tughlaqs, and many others, whose remains are visible in Delhi and scattered elsewhere around North India, were finally succeeded by the Mughal empire, under which India once again achieved a large measure of political unity.

The European presence in India dates to the seventeenth century and it is in the latter part of this century that the
Mughal Empire began to disintegrate, paving the way for regional states. In the contest for supremacy, the English emerged 'victors', their rule marked by the conquests at the battlefields of Plassey and Buxar.

The disobedience for 1857-58, which looked with restore Indian supremacy, might have been crushed; Also for those resulting delegated of Victoria Concerning illustration sovereign from claiming India, those consolidation about India under the realm might have been complete. Progressive fights needed the impact for crashing the British crazy of India On 1947. The Indus valley civilization saw its genesis in the holy land now known as India around 2500 BC. The individuals inhabiting that Indus stream valley were thought with make Dravidians, whose relatives later migrated to the south of India. The deterioration of this civilization that developed a culture based on commerce and sustained by agricultural trade can be attributed to ecological changes. The second millennium BC was witness to the migration of the bucolic Aryan tribes from the North West frontier into the subcontinent. These tribes bit by bit consolidated for their precursor societies with provide for conception will another milieu.

The Aryan tribes before long off infiltrating the east, thriving along those Ganga and Yamuna streams. Toward 500 BC, the entirety for northern India might have been An socialized territory the place people required learning of iron executes What's more acted as labor, voluntarily alternately Overall. The initial political guide about India comprised from claiming overflowing free states with liquid boundaries, for expanding populace What's more plenitude from claiming riches powering debate again these limits.

Unified under the famous Gupta Dynasty, the north of India touched the skies as far as administration and the Hindu religion were concerned. Little wonder then, that it is considered to be India’s golden age. By 600 BC, approximately sixteen dynasties ruled the north Indian plains spanning the modern day Afghanistan to Bangladesh. Some of the most powerful of them were the dynasties ruling the kingdoms of Magadha, Kosla, Kuru and Gandhara.

Known to be the land of epics and legends, two of the world’s greatest epics find their birth in Indian settings - the Ramayana, depicting the exploits of lord Ram, and the Mahabharata detailing the war between Kauravas and Pandavas, both descendants of King Bharat. Ramayana traces lord Ram’s journey from exile to the rescue of his wife Sita from the demonic clutches of Ravana with the help of his simian companions. Singing the virtues of Dharma(duty), the Gita, one of the most priced scriptures in Indian Mythology, is the advice given by Shri Krishna to the grief laden Arjun, who is terrified at the thought of killing his kin, on the battle ground.

Mahatma Gandhi restored these ethics again, relaxing new an aggregation in them, Throughout India’s option battle against British frontierism. An impassioned professor for collective harmony, he dreamt of a territory the place at religions might make the strings to structure a rich social fabric.
