

## THE SCOPE AND OBJECTIVES OF THE CONFERENCE

The scope of NCMIST-2025 the theory, application, and experiment on computer science and its supporting fields. The theme of NCMIST-2025 is "Empowering Digital Society with Computational Intelligence Towards Sustainable Development Goals". Any works presented in NCMIST must conform to the scope of the conference, while conformity with the conference's theme means that the work has a higher priority for acceptance. Advancements in the field of Computer Science and Information Technology have crossed the traditional boundaries promising new dimensions of understanding and applications, opening new areas of research in interdisciplinary domains. With this aim, the department of Computer Science, organized a two-day National Conference on the topic "**National Conference in Multidisciplinary Innovations in Sciences and Technology**" (NCMIST-2025). The Conference is jointly Organized by the Department of Computer Science & Department of Electronics.

## ABOUT THE COLLEGE

The college was established in 1956 by the great freedom fighter and the prime leader of Hyderabad Mukti Sangram, Swami Ramanand Teerth. At that time, it was the only college in this region providing higher education to the students in the region and it was affiliated to the then Osmania University, Hyderabad.Later, the college got affiliated to Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati

Sambhajinagar. Since then, the college flourished into a large banyan tree catering to the educational needs of the students belonging to rural community. The college offers 11 UG programmes and Four PG programmes whereas Departments of Microbiology, Chemistry and Zoology have recognised research centres. The college got accredited from NAAC in 2023 in third cycle and received 'A' grade with 3.11 CGPA.
